		Student to Instructor Ratio:	7-9
		Length of Each Tutoring Session:	1-6 hours
		Services Offered:	Special Education Services <input checked="" type="checkbox"/> Bilingual Instruction <input checked="" type="checkbox"/>

Program Description

Rocket Learning is a minority owned and operated company that was specifically founded to provide high quality supplemental educational services. Our objective is to help our students acquire the skills they need to succeed in school and in life. Operating since 2005, Rocket Learning offers services in Puerto Rico, California, Illinois, New Jersey, and Florida. We currently employ over 3,000 teachers and part-time staff, and more than 100 full-time professionals. Our proprietary curriculum and instruction delivery is built on research-based approaches revolving around: 1) small group instruction, 2) project based learning and thematic integration, 3) assessment driven instruction, and 4) direct instruction. On average, there are approximately 7 students per Teacher in our instructional groups. The groups are formed according to the students' skill levels and needs, allowing teachers to provide personal attention while pacing the group to meet achievement goals. Our programs are equipped to serve students with disabilities and limited English proficiency. Rocket Learning has been building an impressive track record of success by improving the achievement of academically disadvantaged students in grades k-9. Notably, in the past three school years, we have provided English Language Arts (ELA) and Mathematics instruction to over 80,000 students and made our program available in over 300 Title I schools. We have an average student gain of 22% in Literacy and 31% in Math on criterion referenced assessments with 80% overall student attendance and less than 1% teacher absenteeism each of the last three years. Rocket Learning programs operate on weekdays, weekends, and during the summer primarily at local school buildings. Students are provided snacks and receive rewards of nominal value (\$3-5) in recognition of participation. Moreover, our students are provided with reading books and workbooks to build their personal libraries at home at no cost to parents or guardians.
